“BEWARE” GRILLING ON THE FRONT PORCH CAN BE DANGEROUS

Several years ago, a tenant was grilling on her front porch and the flames torched her ceiling. This event could have ended very badly for the tenant and her neighbors. Fortunately, no one was hurt but the tenant had to pay for the repairs of her roof.

“DO NOT BARBECUE” on the front porch or near vinyl siding. The siding will melt and you will be CHARGED FOR DAMAGES & REPAIRS.
